

Main Features:

- True day / night
- DWDR(1/2.8" sony 2M pixel CMOS)
- Low power consumption, capture moving images without jagged edges and smear
- Full HD720P/1080P real-time output, more details can be caught
- Uncompressed, real-time image transmission
- Standard HD-SDI high-definition digital standard, coaxial transmission
- Intelligent infrared function help to automatically adjust the brightness of the image and achieve the desired image
- Efficient infrared lamps, low power consumption, long life
- External focus and zoom adjustment are convenient for debugging and installation

Application Places

Apply to the financial, supermarket, telecommunications, government, schools, airports, factories, hotels, museums and other places of requirement of high-definition.
