The image displays two views of the AHD Tester. The left view is a front-facing perspective showing a red-framed screen displaying a green plant. Below the screen, a small label reads 'Power and 5V to test 12V (optional)' and the text 'AHD TESTER' is printed in white. The right view is a side profile of the device, showing its black casing, a top-mounted connector, and a cable plugged into the side. The text 'AHD TESTER' is also visible on the side panel.
