## ● FEATURES

**MTEAM**

- \* Adote o chipset Hi3518EV200 + sensor CMOS 1 / 2.7 PS5230
- \* Com 4pcs leds IR, faixa de 10m IR, comutação automática dia e noite
- \* Suporte à detecção de movimento PIR, envio de alarme para o telefone móvel
- \* Suporte a detecção de telefone celular e PIR
- \* Áudio bidirecional de alta qualidade com cancelamento de ruído
- \* Computador de suporte, iOS e Android para visualização e controle de telefone celular
- \* Suporte cartão SD Mico de até 64GB
- \* Com o botão de reset, liga / desliga, indicando luz led, vem com suporte
- \* Suporte a múltiplos usuários que visualizam on-line ao mesmo tempo
- \* IP67 à prova d'água, apto para uso interno e externo
- \* Com porta Micro USB para carregamento de bateria por DC 5V 1A
- \* Baterias necessárias: 4pcs 18650 baterias
- \* Instalação simples, sem necessidade de fiação, sem eletricidade

**No electricity required**  
Solar and battery powered

**No wiring needed**  
Avoid damage to existing  
decoration due to wiring

**Two -Way Voice**  
intercom can be  
spoken

**Remote surveillance**  
Need network

**Protects privacy**  
Local storage will not leak

**Human induction**  
Once human detected,  
filming started

**Simple installation**  
No labor cost

## Mobile phone PIR detection wake up

## Dual Power Supply

The device is powered by solar energy and battery. When it is raining, the battery keeps working. When it is sunny, the solar panel charges the battery, thus achieving the cycle power supply and working continuously throughout the year.

M TEAM

Continuously work

Standby time 365 days

USB Charging Port

Support 4pcs 18650 batteries

Solar panel powered

## IP67 Water - proof Level

It is made of aluminum alloy and engineering plastic material, there are waterproof and anti-rust coating on the surface, so that it has good heat dissipation and effectively prevents dust from penetrating and raining.

# A variety of applications
